Strategic
Partnerships

Business
Development

What We Do

Leveraging the wealth of expertise of the Private Office management team, we invest and partner with leading innovative global companies across a diverse portfolio of industries.

After identifying potential partners, we present these before an Executive Committee for approval. If successful, Senior Managers within the International Ventures team will analyze the product/service to best determine how we can accelerate success in the Middle East.

The work we do for our partners range from sponsorship to long-term strategic partnerships, which include our expertise in market research, coaching, discovery and cultural workshops, and successful meeting preparation.

How We Do It

Strategic Partnerships

As experts in business across MENA, we cultivate long-term business connections for all our partners.

Sponsorship

Supporting businesses through sponsorship includes exclusive access to local and global partners, governmental assistance, business incorporation and licencing, and residential visas.

Investments

Augmented diverse portfolio

Market Research

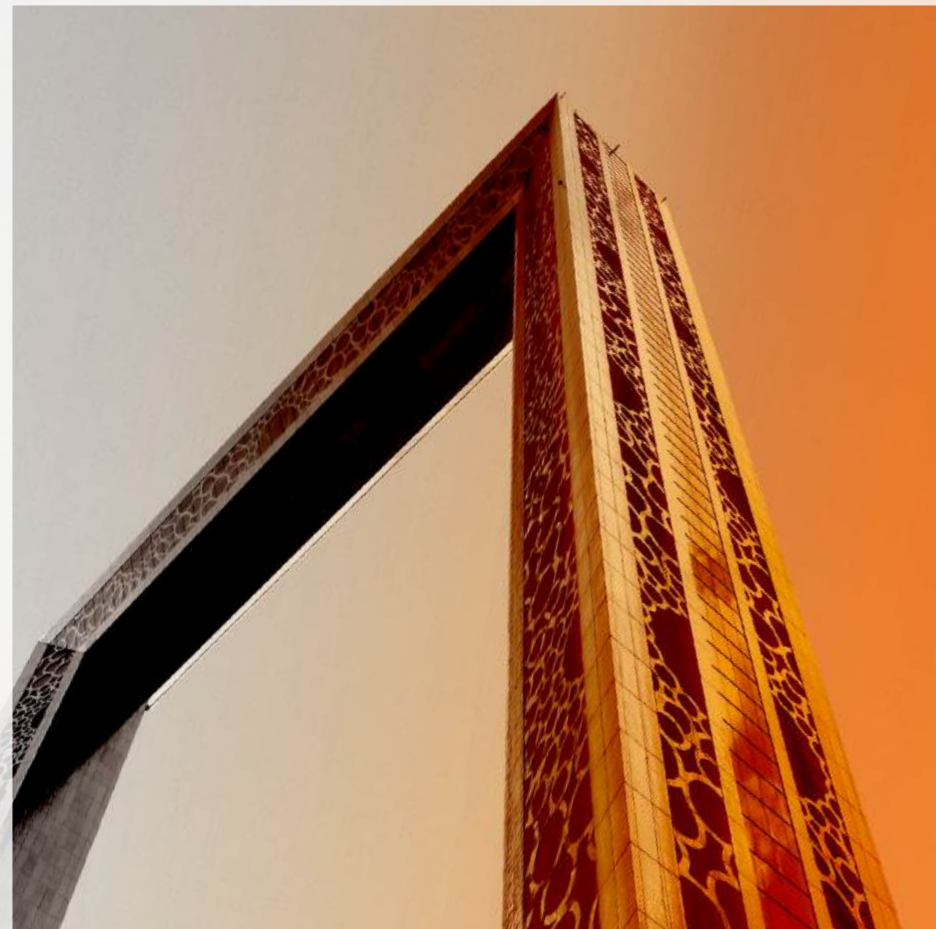

Data gathering and analysis

Business Development

From educating on regional business procedures, supporting new tenders and joint ventures to co-investments, and private-public partnerships, we excel in developing business.

Reaching Decision Makers

Accelerate your business using our connections

Discovery Meetings

Showcase your product/service to prospective clients to find the right fit.

Marketing & Branding Support

Tailor your offering to the Middle Eastern market.

Coaching

Understand the GCC business culture, adjust strategy, and prepare for meetings effectively.

Recruitment

Secure a highly professional local team through our extensive, complex human resources provision.

Workshops

Understand how your product/service benefits the local market and design a robust go-to-market strategy.

Others

Mediation, Legal Advisory, and Office Space.

Our Origins

Seed Group was founded in 2004 to realise the vision of His Highness Sheikh Mohammed bin Rashid Al Maktoum, the Vice President and Prime Minister of the UAE, and ruler of the Emirate of Dubai, and facilitate Dubai's rapid growth from a small trading port to the Mega Metropolis that it is today.

One of the biggest challenges companies face in the Middle East is how to reach target markets effectively and with ease. With our local expertise and business acumen, we saw the potential of mentoring our partners. By navigating them through deals and providing strategy design, training and workshops to gain a competitive edge, our partners began to lead their respective markets in the UAE.

Our Metropolitan City

With a flexible approach to business and a commitment to long-term economic growth, Dubai is recognised as the commercial capital of the Middle East.

We are global leaders in technological innovation and sustainability programs, recognising potential in emerging sectors such as FinTech and AI. Taking the initiative, we even created a dedicated 'UAE Minister of State for AI'.

Our Mission

Our aim is to grow innovative companies so they can emerge, scale up, and make the world a better place.

We carefully select partners who align with this vision; focusing on market demand, current trends, and scalability. Our vast network cultivates contacts in almost every industry and, with a dedicated team to train, coach, and develop everyone from CEOs to sales teams, we offer a unique advantage to businesses entering the MENA market.

As the Private Office of Sheikh Saeed bin Ahmed Al Maktoum, it is our mission to form prestigious partnerships and invest in leading global companies which support the progressive vision of the UAE.

Our Strategy

Every company strategy is individual, so we take a tailored approach to our partnerships.

Diversity is key and we operate across many sectors including healthcare, data analysis, artificial intelligence, smart security, and renewable energy initiatives.

We enter both revenue sharing and investment agreements for companies seeking everything from simple sponsorship, those pitching for a specific tender, to long-term, strategic partnerships across the MENA region.

Our Future

Selling a unique product or service and having the ability to reach target audiences effectively is a universal challenge.

Over the next three years, we plan to secure Seed offices in four new countries, expanding out from the Middle East to Asia. Over the next decade, we aim to operate in 23 countries worldwide. With branches from Sydney to Silicon Valley, we will use our combined business knowledge and unrivalled connections to help our partners excel.

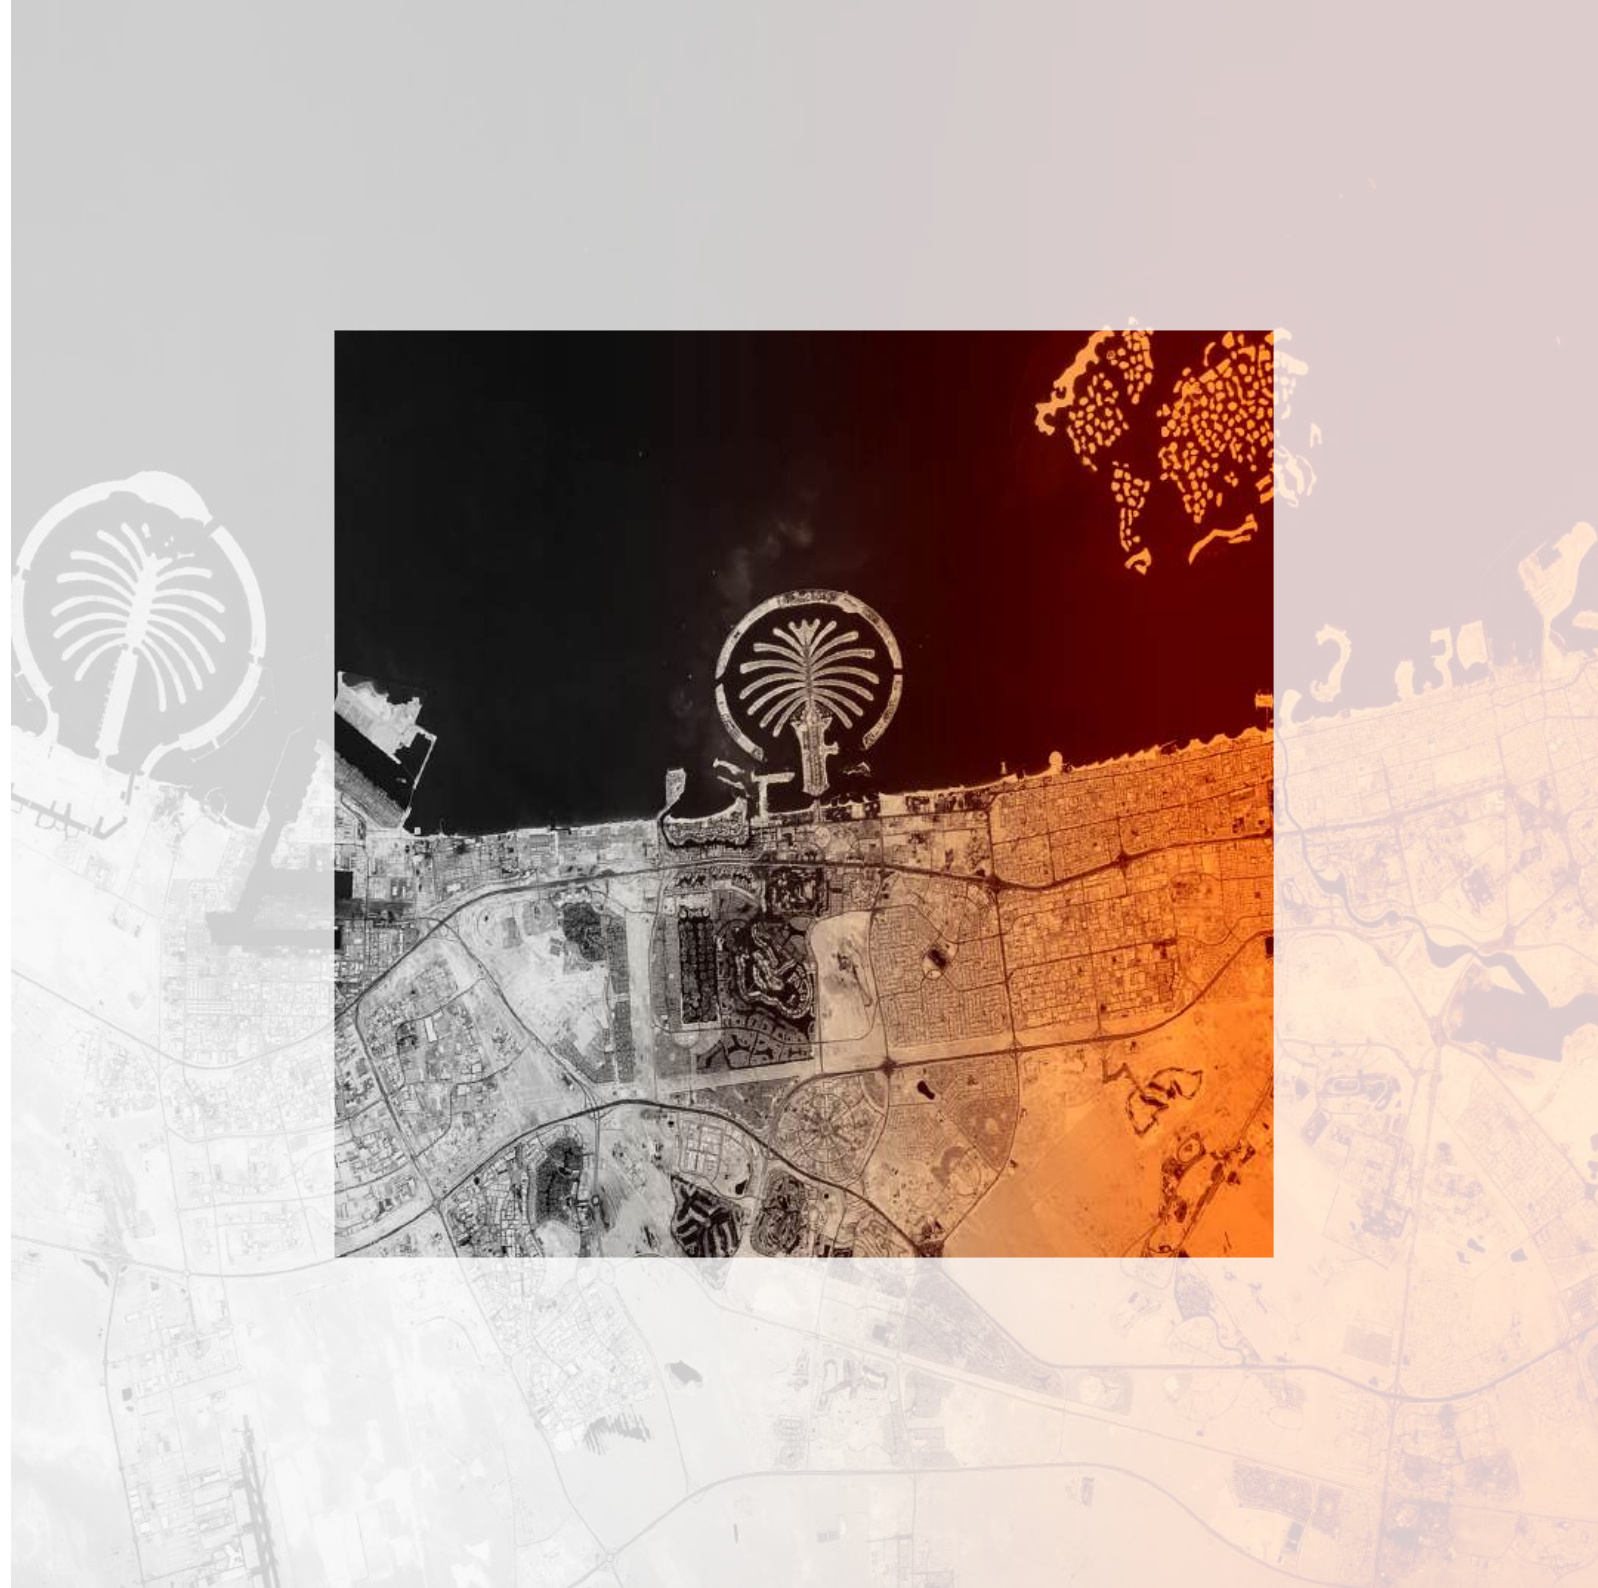

Our Strategic Partnerships

The Middle East is a 'relationship-based' marketplace. It is therefore imperative not only to have access to the right decision-makers, but also to be well prepared to enter the market.

Our reputation, trust, and credibility, coupled with the family name we represent, affords your business the highest opportunity to succeed.

We are not here to simply open the right doors; we are with you every step of the way.

Working with a Royal family office fosters strategic connections at the highest level, giving our partners access to the right decision-makers.

Senior Leadership & Advisory Team

Senior Leadership Team

Hisham Al Gurg
CEO and Co-Founder

With over 18 years of experience in setting up and running new ventures in the MENA region, Mr Al Gurg is a pioneer in the region for his visionary approach, high profile networking, and for concluding and managing large regional projects and investments worth more than 1.06 Billion USD. He is a published author and a public speaker on the topic of conducting mega transactions with governments and large corporates.

Omid Ainechi
Head of Strategic Partnerships

With over 10 years of work experience in the UAE, Omid has supported FMCG Fortune 500 companies in their growth and regional expansions. He is well experienced in working with internationally established organisations by supporting and executing their business strategies and models. His expertise lies in fostering strategic partnerships and delivering measurable results that align with organisational goals.

Suheil Rabeh
Director of Compliance & Government Relations

Suheil is the Director of Compliance and Government Relations at The Private Office of Sheikh Saeed Bin Ahmed Al Maktoum. With over 15 years of experience in the UAE dealing with Governmental and Legislation bodies, Suheil has collected a huge amount of knowledge and understanding of the Governmental Systems with a big network in different local and federal authorities.

Sami Mekki
Director - Seed Tech

Sami is a highly skilled and dedicated forensic scientist, law enforcement, and public safety senior advisor and trainer. With over 25 years of experience in criminal investigations and forensic imaging and multimedia forensics consultancy, he is a well-known scientist internationally for supporting and training organisations in international crimes and was selected by the United Nations Human Rights Commission to participate in investigating international crimes against humanity.

Bachir Akhdar
Senior Director - International Ventures

With over 10 years of experience in the MENA region, Bachir has held several managerial business development and sales roles within the tech industry, designing and initiating effective profit-enhancing strategies. With a bachelor's degree in international business management, Bachir oversees many international partnerships at The Private Office, assisting our partners in making strategic expansion decisions.

Yusuf Latif
Senior Manager - Strategic Partnerships

Yusuf Latif brings over 12 years of international experience across technology, finance, mobility, and emerging sectors, with a proven record in driving strategic partnerships and market expansion. He builds high-impact cross-border collaborations, attracts foreign investment, and advances innovation-focused economic development in MENA, supporting the UAE's vision as a global hub for innovation and investment.

Senior Leadership Team

Priyanka Vijayan

Managing Director - Seed Ventures

Priyanka has over 12 years of experience, is PMP certified, and specialises in project management and strategy. As a strategy consultant, she has worked across sectors in the Middle East, assisting start-ups to achieve targeted growth. She has extensive experience managing cross-functional business operations and technology projects, as well as developing strategies for projects including military equipment, material handling and automation, and a wellness app.

Nailah Ayas

Finance Manager

Nailah Ayas has over 18 years of UAE experience in Financial Accounting & Analysis with a Bachelors in advance Financial Accounting and Taxation from the University of Bangalore India. Nailah currently heads the financial department of Seed Mena Businessmen Services LLC since March 2016.

Osama Smadi

Director - International Ventures

Osama oversees the establishment of trusted business relationships with businesses to expand their market reach and support expansion plans. With 12 years of experience working in projects and relationship management for multi-million-dollar brands and start-ups, Osama's main mission at Seed Group is to identify and implement what drives business growth, expands revenue channels, and achieves business sustainability.

Omnia Hamed

Director - International Ventures

With over 10 years of experience in revenue generation strategies, Omnia is notably recognized for her successful work with leading regional brands: Air Arabia, Rotana Hotels PJSC, and Zain Telecom Group. Her specialization in information technology, network security, and professional project management makes her effortlessly identify new, unique businesses with significant demand in the region while developing necessary action plans for their growth and expansion.

Dana Daghestany

Office Manager

Dana brings over five years of experience in operational leadership and strategic planning, anchored by a bachelor's degree in Entrepreneurial Management. She drives initiatives that advance corporate sustainability, optimize organizational processes, and foster business growth. Renowned for her strategic insight and exceptional management skills, she translates complex executive priorities into measurable outcomes, delivering lasting impact across the Group.

Naala Oleynikova

Senior Manager - Business Analysis

Naala is a technology expert with a strong international background. She scouted startups in the CIS for GCC investors and facilitated M&A deals between Russian and Qatari companies. At Veon, she developed digital products for a multinational telecommunications company. With experience in mineral and commodities markets, she applies technology solutions across industrial and oil and gas sectors, enhancing her role in the global tech landscape.

Hiba Jammal

Business Partnerships Manager - Seed Ventures

Hiba is a Business Partnerships Manager with an expert ability to forge strategic alliances and ensure growth for local and international firms. Her excellent communication skills and collaborative approach enable her to nurture lasting relationships with clients and partners, which contributes to business success. With a keen eye for market opportunities and a passion for exceeding client expectations, Hiba consistently delivers exceptional results.

Management & Execution Team

Zina Bekdache
**Business Development
Manager**

Throughout her career, Zina Bekdache has held various roles that have allowed her to develop a deep understanding of the tech industry and its dynamics. One of her greatest strengths lies in her ability to cultivate and maintain long-term relationships with businesses. Zina is part of the business development team at The Private Office, supporting our partners in establishing a strong presence in the UAE.

Victoria Hemby
**Business Development
Manager**

Victoria has over 10 years of international experience, including five in the Middle East, specialising in venture capital, real estate investment, asset management, and cryptocurrency. She has led multi-billion-dollar investment strategies, managed institutional and VIP clients, and built high-impact partnerships with global brands. With a proven track record in scaling businesses and driving strategic growth, Victoria brings deep market expertise and a strong cross-sector network.

Omar Reslan
**Business Development
Manager**

Omar Reslan is a dedicated and results-driven professional with more than 3 years of experience across the healthcare and technology sectors. A seasoned business development expert, Omar thrives in fast-paced environments, consistently demonstrating adaptability and a proactive approach to drive impactful results. Known for his strategic insight and collaborative spirit, Omar is committed to delivering solutions that make a difference.

MaryJoe Estiphan
**Business Development
Manager**

MaryJoe Estiphan has successfully negotiated and closed high-value deals, establishing profitable partnerships with key clients and stakeholders. Her strong communication and interpersonal skills enable her to build and maintain long-term relationships, while her keen business acumen allows her to identify win-win solutions that drive mutual growth and success.

Weam Suboh
**Manager - Business
Analysis**

Weam brings more than 12 years of experience spanning marketing, sales, aviation, and various other industries. As a Business Analyst Manager at Seed Group, she specialises in analysing data and market trends, implementing lead nurturing strategies to maintain engagement, and optimising business processes. She is currently pursuing a master's degree in Strategic Management and Leadership to further enhance her proficiency and professional growth.

Management & Execution Team

Lea Maamary
**Business Development
Manager**

Leveraging 8 years of client engagement experience, Lea Maamary has a proven track record of cultivating strong relationships across international markets, including the UAE, KSA, UK, and Canada. As part of SEED's business development team, she blends industry knowledge with a global outlook to build partnerships, drive adoption, and enable organisations to achieve sustainable growth in the UAE market.

**Nomarie Jean
Lacsamana**
**Marketing
Communications
Supervisor**

Nomarie has over 7 years of professional marketing experience and has leveraged her passion for writing and digital media to work with firms all over the world, from Singapore to South Africa, and now to the UAE with Seed Group, where she leads and manages the entire marketing communications department and develops its overall strategy.

The road to success has
many road blocks...

...we don't use roads.
